Certificate 2523133-C4
Testing of plastic products of PTFE
according to Regulation (EC) No. 1935/2004

as per your order we tested the samples which according to “Lebensmittel-, Bedarfsgegenstände- und Futtermittelgesetzbuches (LFGB)” and Regulation (EC) No. 1935/2004.

The products comply with Regulation (EC) No. 1935/2004. The applied materials meet in their composition Regulation (EU) No. 10/2011 and amendments.

The certificate is valid for the following products:

KWO® MultiTex® Sheet
KWO® MultiTex® Gasket

Order no.: 2523133
 Certificate no.: 2523133-C4
 Client : KWO Dichtungstechnik GmbH, D-82135 Schechen

29/SEPT/2015

In the listed articles the following substances with restriction (SML, QM) are used:

substance	PM Ref.	Restriction
Tetrafluoroethylene	25120	SML = 0,05 mg/kg

In the listed articles the following dual-use additives are used:

substance	E-number
none	-

The material is intended to come in repeated contact with aqueous, acidic, alcoholic and fatty food under sterilisation conditions.

The conformity was tested for a application in short term contact for repeated use (4 hours at 100 °C / corresponding to 2 hours at 121 °C) at a ratio of surface to volume of 6 dm² per litre (test report 2523133-01/2 of March 19, 2013).

The responsibility of the products is due to KWO Dichtungstechnik GmbH. KWO Dichtungstechnik GmbH has to ensure, that all products meet the tested quality and if there are any significant changes in the raw materials new tests have to be carried out.

Best regards

SGS INSTITUT FRESENIUS GmbH

Konformitätserklärung / Declaration of compliance

Diese Konformitätserklärung gilt für folgendes Produkt /
This declaration of conformity applies to the following product:

KWO® MultiTex® Sheet 2.0

Hersteller / Manufacturer

KWO Dichtungstechnik GmbH
Am Eschengrund 3
83135 Schechen
Germany

Wir erklären hiermit, dass das Herstellungsverfahren der Dichtungsplatte „KWO MultiTex Sheet 2.0“ der gleichen Technologie entspricht wie bei der Dichtungsplatte „KWO MultiTex Sheet“. Wir haben im Zuge unserer Optimierung lediglich die technischen Parameter der Dichtungsplatte „KWO MultiTex Platte 2.0“ verbessert um die Zuverlässigkeit des Produktes zu erhöhen. Somit sind die vorhandenen Zertifikate für die „KWO MultiTex Sheet“ auch für das optimierte Produkt „KWO MultiTex Sheet 2.0“ anwendbar.

We hereby declare that the manufacturing process of the sealing sheet "KWO MultiTex Sheet 2.0" complies with the same technology as for the sealing sheet "KWO MultiTex Sheet". In the course of our optimization, we have only improved the technical parameters of the sealing sheet "KWO MultiTex Sheet 2.0" in order to increase the reliability of the product. This means that the existing certificates for the "KWO MultiTex Sheet" can also be used for the optimized product "KWO MultiTex Sheet 2.0".
